

FPP Change Request Form

Change Form# & Title: 15TDA006 – ITS outage time extension
Date Submitted: May 7, 2015
Project: TDA
Requester Name, Agency: Bob Cordie, The Dalles Fisheries
Final Action:

FPP Section: TDA section 2.4.2.6. Juvenile Facilities – Fish Passage Season.

Justification for Change: Request the time change to 2 hours, because of lengthier clearance requirements and amount of workload. Approx half of gatewells are permanently plated.

Proposed Change:

2.4.2.6. When units are being dewatered, leave endgate open and close sluice gates to expose gatewell orifices, and then install orifice blocker. After orifice-sealing devices are installed, sluice gates should be returned to the open position. Installation time should be approximately ~~30 minutes~~ 2 hours.
