

USACE Fish Facility Design Review Work Group Portland District

23 April 2015; 0900-1300
USACE Northwestern Division, 1201 NE Lloyd Blvd (Ste. 400), Portland, OR
Columbia Room (3rd Floor; Check in at 4th Floor)

Conference Call/Web meeting Information:
Call: (877) 336-1280; Access/Security Code: 6464122; Host Code: 9459
<https://www.webmeeting.att.com>; (877)336-1280, 6464122

Outstanding Action Items from Last FFDRWG Meeting (13 Aug, 2014):

1. Lamprey LPS prioritization discussion. ACTION: Tackley will schedule a meeting with FFDRWG in March. **STATUS: Complete. Meeting was held on April 1.**
2. JDA overflow PIT tag detection. ACTION: Eppard will have a hydraulic and structural engineer look at the design. Feedback will be provided back to the Region. **STATUS: Design has not been reviewed.**
3. BON performance standards meeting. ACTION: PM-E will schedule a meeting to discuss BON performance standards, likely late March. **STATUS: Meeting has not been scheduled. Scott Fielding is new POC on planning BON performance standard studies and will work on scheduling this meeting through SRWG.**
