

CRITFC
“Lloyd 700” Building
700 NE Multnomah St., Suite 1200

Building Information

Welcome to CRITFC’s new offices. You may have noticed that our building is in the midst of a major construction project. Both the north and south doorways to the 700 Building are still open. Due to the construction, however, most of the block where the CRITFC offices are located will be fenced off for the next two years.

During construction the building management is operating valet parking for visitors. CRITFC offers a “First Hour Free” stamp for our guests using the valet service. With a validation stamp, the maximum daily rate is \$6.75.

Upon entering the building you will see a security officer and a bank of six elevators. To access CRITFC during business hours enter floor number “12” on one of the keypads and the keypad will direct you to an elevator (A-F) to access the 12th floor and CRITFC’s offices where you may sign in and receive a visitor’s badge. There are no floor buttons on the elevators. Each person should enter the floor number on a keypad to avoid elevator crowding.

To use the Valet Parking service at the 700 Building

1. Pull up to the curb in front of the 700 Building (North side), on Multnomah St.
2. Give your name and keys to the curbside attendant in return for a claim ticket. Your car will then be parked in a lot across the street.
3. Ask the CRITFC receptionist to stamp your claim ticket for “First Hour Free” when you check in.
4. When you leave the building, give the claim ticket and any amount due to the curbside attendant. Your parking will be discounted by \$2.25.
5. When leaving you may call ahead to the parking attendants at 503-351-1430 for your car to be ready at the curbside.
6. A map of additional parking options is on the back.

Conference Rooms – CRITFC’s large Commission Chambers (aka Celilo Room), law library, and tribal caucus rooms are located on the 5th floor. The Columbia, Chinook, and Wana conference rooms are on the 12th floor.

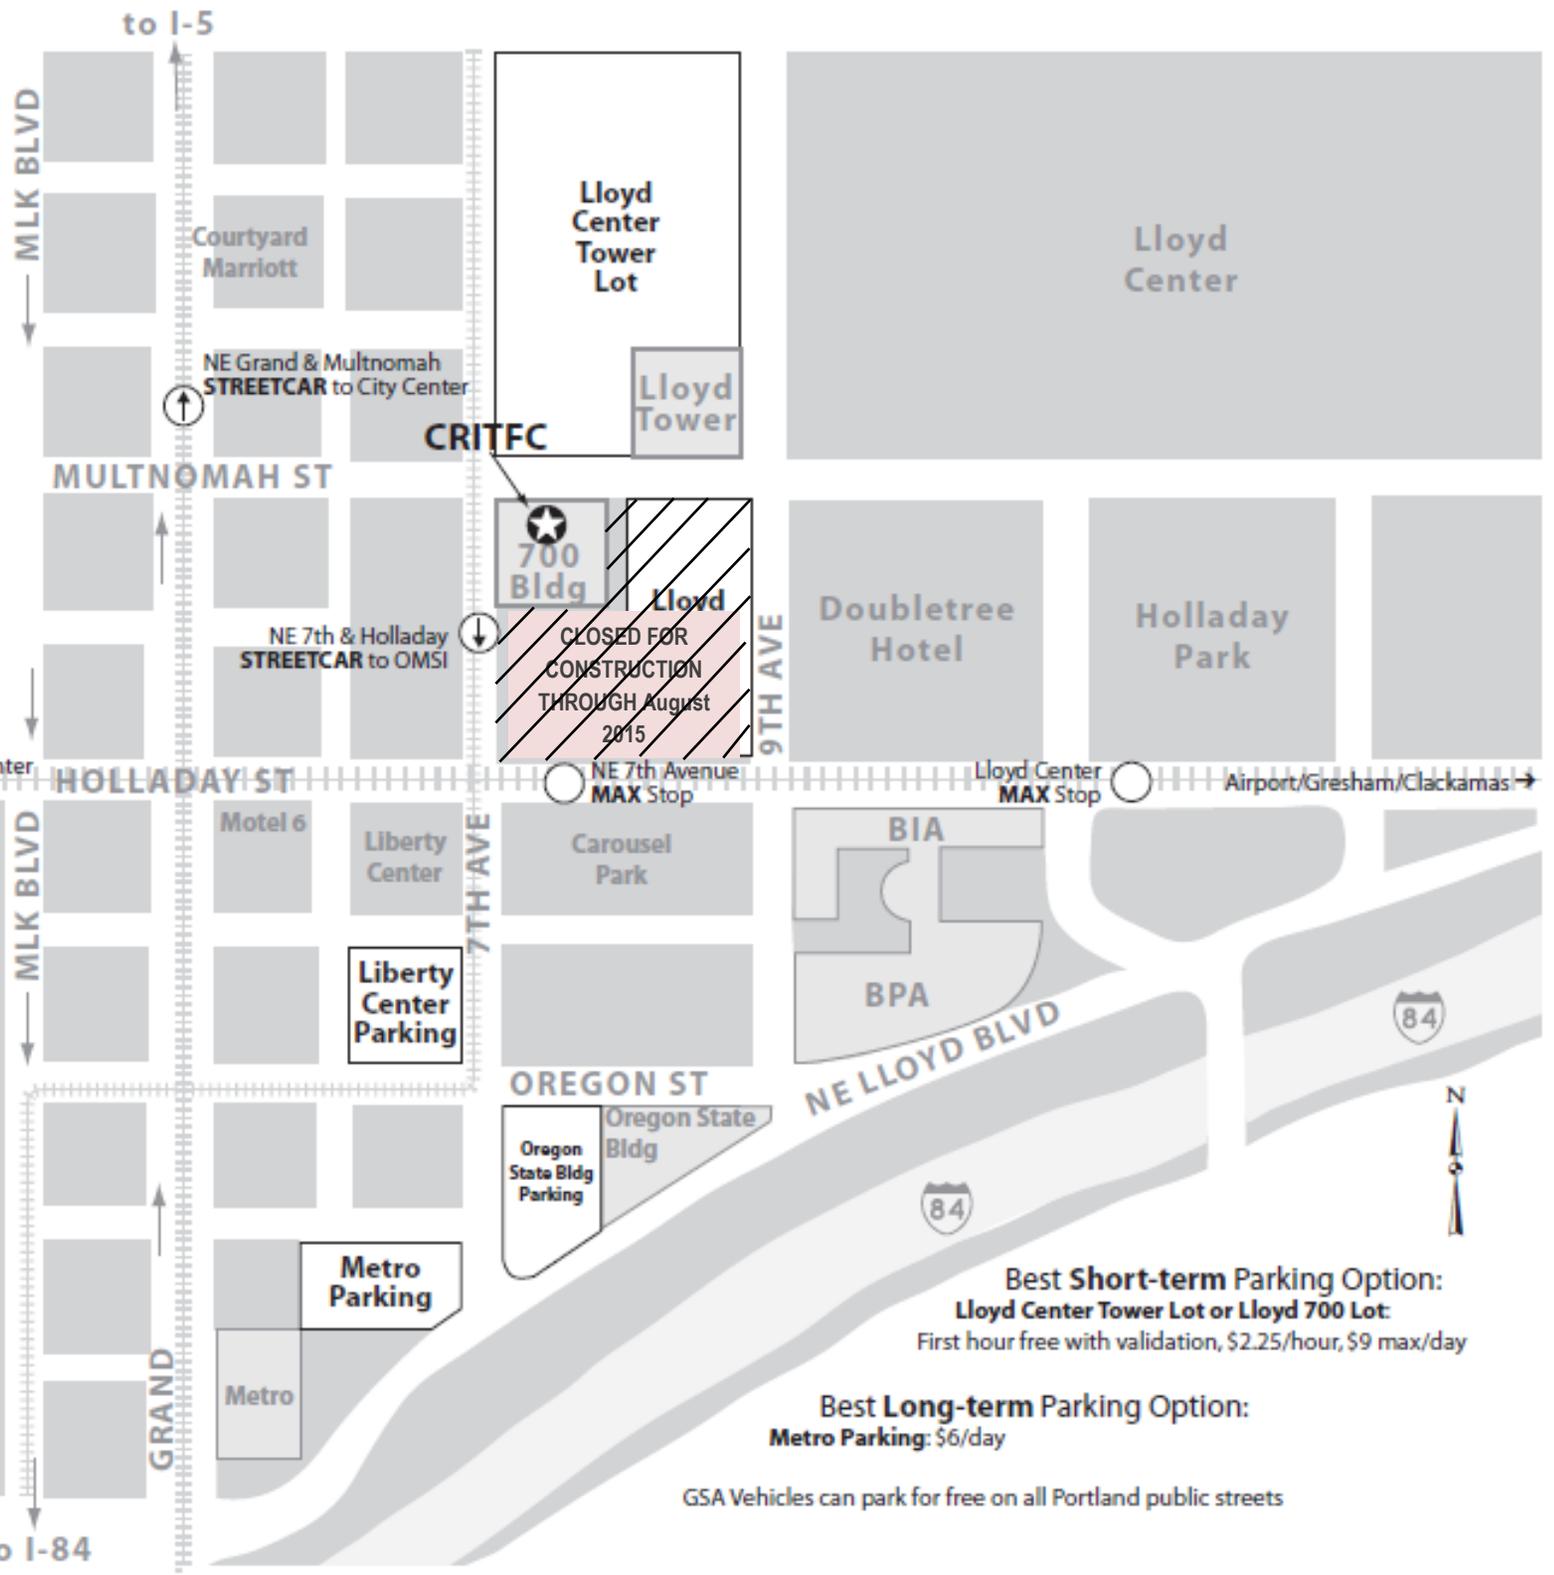

Bathrooms - Each floor has a women’s and men’s restroom located in the central core of the building. The women’s restroom is on the north side of the elevators; the men’s room is on the south side.

Restaurants – The receptionist has a map of restaurants in the area.
