Dear Mr. Martinson:

This is in response to your January 11, 2013 letter requesting approval for access to The Dalles Dam for the purpose of conducting FERC required sampling at the Northern Wasco County PUD intake structure. As per the Cooperative Agreement between Pacific States Marine Fisheries Commission and Wasco County PUD, you intend to sample on 24 hour period each week from April through July.

With respect to the work outlined above, your request is generally approved, provided you are able to obtain all necessary ESA and state permits.

No work may begin until valid and current permits, or an explanation as to why permits are not required, are on file with the Mr. Paul Keller and Ms. Tammy Mackey.

Prior to beginning work, please arrange a meeting with Mr. Paul Keller, 541-298-7509. You will need to provide a project impact statement, job hazard analysis, copies of permits, and a personnel list. Please send electronic copies of these documents to Mr. Paul Keller, Paul.S.Keller@usace.army.mil and Ms. Tammy Mackey, Tammy.M.Mackey@usace.army.mil.

Please remain in contact with Mr. Paul Keller throughout your time at the dam. There are many researchers and contractors working in the area, please work to ensure good communication and cooperation between agencies and organizations.
