Bonneville Project

Kenneth M. Lujan
Microbiologist
USFWS - Lower Columbia River Fish Health Center
201 Oklahoma Road
Willard, WA 98605

Dear Mr. Lujan:

This is in response to your May 21, 2013 letter requesting approval for access to Bonneville Dam's Adult Fish Facility (AFF) to collect up to 200 adult American Shad. These fish will be tested for fish pathogens and will be included into the National Wild Fish Health Survey conducted by the U.S. Fish and Wildlife Service. You also requested access to Bonneville Dam's Juvenile Monitoring Facility (JMF) for the purposes of collecting up to 200 juvenile American Shad. These fish will also be tested and included into the National Wild Fish Health Survey.

With respect to the work outlined above, your request is generally approved, provided you are able to obtain all necessary ESA and state permits. **No work may begin until permits, or an explanation as to why permits are not required, are on file with the Mr. Andy Traylor and Ms. Tammy Mackey.** You will be required to follow all protocols found in the current Fish Passage Plan (FPP) Appendix G - Protocols for Adult Fish Trapping Operations, and Appendix J- Protocols for Juvenile Monitoring Facility Operations. In addition, you will need to comply with all reporting requirements found in the current FPP Section BON 3.3.3.

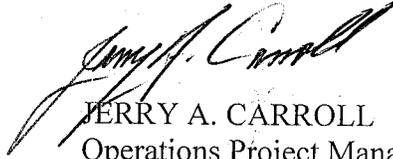

Prior to beginning work, please arrange a meeting with Mr. Andy Traylor, (541) 374-4020. You will need to provide a Project impact statement, job hazard analysis, copies of permits, and a personnel list. Please send electronic copies of these documents to Mr. Traylor, andrew.w.traylor@usace.army.mil and to Ms. Tammy Mackey, tammy.m.mackey@usace.army.mil.

Please remain in contact with Mr. Traylor throughout your time at the dam. There are many researchers and contractors working at the dam, please work to ensure good communication and cooperation between agencies and organizations. In addition to coordinating with Project Fisheries, you will also coordinate collection activities at the AFF with John Whiteaker, whij@critfc.org, and collection activities with the JMF Smolt Monitoring Personnel Rick Martinson, rickdm@gorge.net and Dean Ballinger, deanb@gorge.net.

A copy of this letter has been posted to <http://www.nwd-wc.usace.army.mil/tmt/documents/FPOM/2010/NWP%20Research/Research.html>

If you have questions regarding this correspondence, please contact Mr. Traylor via e-mail or by phone, at (541) 374-4020.

Sincerely,

JERRY A. CARROLL
Operations Project Manager
Bonneville Project
