Dear Mr. Winther:

This is in response to your March 20, 2013 letter requesting approval for access to The Dalles Dam and the Boat Restricted Zone (BRZ) for the purpose of hook and line dam-angling in support of the on-going BPA funded Columbia River Predator Control Program. Dam angling is expected to occur from May through September, in conjunction with ODFW and/or PSMFC.

Your request to access the forebay and tailrace decks to conduct dam-angling is approved.

No work may begin until valid and current permits, or an explanation as to why permits are not required, are on file with the Mr. Paul Keller and Ms. Tammy Mackey.

Prior to beginning work, you must arrange a meeting with Mr. Paul Keller, 541-298-7509 and review the appropriate Researcher Guide (found at the website link provided below). You must provide electronic copies of all required documents to Mr. Paul Keller, Paul.S.Keller@usace.army.mil and Ms. Tammy Mackey, Tammy.M.Mackey@usace.army.mil.

Please remain in contact with Mr. Paul Keller throughout your time at the dam. There are many researchers and contractors working in the area, please work to ensure good communication and cooperation between agencies and organizations.
