The Dalles Dam
The Dalles, Oregon 97058

Dear Mr. Twiner,

This letter is a request for access to The Dalles Dam in 2013 to conduct Federal Energy Regulatory Commission required fish sampling in the Northern Wasco County PUD intake structure located on the north shore of The Dalles Dam. The Pacific States Marine Fisheries Commission has a Cooperative Agreement with the PUD to sample fish one 24 hour period per week, April through July.

The details of the proposed work are described in the attached work statement. I will secure the necessary Washington State Scientific Collection Permit and ESA permit and provide copies to the project biologist at the preseason meeting.

If you have any questions please contact me at (541) 296-8989.

Sincerely,

Rick Martinson
PSMFC Biologist
