April 14, 2016

Cyndi Baker  
Confederated Tribes of the  
Warm Springs Reservation of Oregon  
Fisheries Department  
P.O. Box C  
Warm Springs, OR 97761

Dear Ms. Baker:

This is in response to your April 1, 2016 letter requesting approval for access to Bonneville Dam's Adult Fish Facility (AFF) for the purposes of PIT tagging Pacific Lamprey. It's understood that this effort is part of an attempt to determine lamprey escapement estimates past Cushing Falls on Fifteenmile Creek and migration patterns in Hood River. Lamprey for your study will be collected from lamprey traps deployed at the AFF. Trapping and holding of fish will be conducted by the Columbia River Inter-Tribal Fisheries Commission and will not be the responsibility of the Corps of Engineers. It's also understood that you will be targeting 2% of the lamprey run, as agreed upon in 2015.

With respect to the work outlined above, your request is generally approved, provided you are able to obtain all necessary ESA and state permits. No work may begin until permits, or an explanation as to why permits are not required, are on file with Ms. Ida Royer and Ms. Tammy Mackey.

Prior to beginning work, please arrange a meeting with Ms. Ida Royer, 541-374-2541. Please remain in contact with Ms. Royer throughout your time at the dam. There are many researchers and contractors working at the dam; please work to ensure good communication and cooperation between agencies and organizations.

A copy of this letter has been posted to NWP Access Responses found at: <http://www.nwdwc.usace.army.mil/tmt/documents/FPOM/2010/NWP%20Research/Research.html> If you have questions regarding this correspondence, please contact Ms. Royer via e-mail or by phone.

Sincerely,

A handwritten signature in black ink, appearing to read "Jerry A. Carroll".

Jerry A. Carroll  
Operations Project Manager  
Bonneville Project
