CORPS OF ENGINEERS, PORTLAND DISTRICT  
JOHN DAY/WILLOW CREEK PROJECT  
PO BOX 823  
RUFUS OR 97050-0823

March 24, 2016

Mr. Adam J. Storch  
Oregon Department of Fish & Wildlife  
17330 SE Evelyn Street  
Clackamas, OR 97015

Dear Mr. Storch:

This is in response to your February 10, 2016 letter requesting approval for access to the John Day Dam Boater Restriction Zone (BRZ) for the purpose of biological sampling to evaluate the Northern Pikeminnow Management Program (NPMP).

Your request is generally approved, but with the following exception. No access will be granted in the tailrace BRZ during the dates you have specified. The work activities that will occur during spill season and the proximity to the new avian deterrent array, we feel makes too dangerous during the time specified. However, access is granted in the John Day Dam Forebay BRZ on the Oregon shore as your work plan specified.

Prior to beginning work, please arrange a meeting with Mr. Eric Grosvenor, 541-506-7861. You will need to provide a Project impact statement, job hazard analysis, copies of permits, and a personnel list. Please send electronic copies of these documents to Mr. Grosvenor, [eric.grosvenor@usace.army.mil](mailto:eric.grosvenor@usace.army.mil) and Ms. Tammy Mackey, [tammy.m.mackey@usace.army.mil](mailto:tammy.m.mackey@usace.army.mil)

Please remain in contact with Mr. Grosvenor throughout your time at the dam and work to ensure good communication and cooperation between agencies and organizations as there are other contractors and organizations working at John Day Dam.

Sincerely,

A handwritten signature in black ink, appearing to read "Kevin Moynahan".

Kevin Moynahan  
Operations Project Manager  
John Day/Willow Creek Project
