JUN 14 2016

Planning, Programs and Project
Management Division

Dear WATER Fish Passage Team agency representative:

Please find attached for your review a 90% Engineering Documentation Report (EDR) package prepared by the Foster Downstream Passage Alternatives Product Delivery Team. This report documents a Columbia River Fish Mitigation (CRFM) program funded engineering and design study conducted by the U.S. Army Corps of Engineers, Portland District, to improve downstream fish passage at Foster Dam.

Please send written comments on agency letter head no later than July 1, 2016. If you have any questions, please contact Fenton Khan, a member of my staff, at (503) 808-4777, email Fenton.O.Khan@usace.army.mil.

Thank you for your continued participation in the WATER process.

Sincerely,

A handwritten signature in dark ink, appearing to read "DAVID GRIFFITH".
