

Weekly Summary
West Region SHG
April 24, 2015

Bandon

- Beaver Creek acclimation was drawn down and StW smolts released to the S. Fork of the Coquille.
- Marking trailer was set up to do the 550,000 ChF over the next three weeks.
- Safety meeting was held.
- Bradley, Powers, and Empire Lakes were stocked with Rb.

Cole Rivers

- No hot topics for this week, routine fish culture and maintenance

Elk River

- No hot topics for this week, routine fish culture and maintenance

Leaburg

- This week was extremely busy for rainbow trout liberations in preparation for Saturday's trout opener. Between our two trucks and several other trucks, 54,000 legals and 2,500 larger fish were released into 10 waterbodies throughout the Willamette Valley. Detroit Reservoir alone received 20,000 fish.
- Erik, Seth, Jennifer, and Kacie attended Defensive Driver Training taught by Jerry Cotter at the Springfield District Office.

Marion Forks

- No hot topics for this week, routine fish culture and maintenance

McKenzie

- Brian was on the road all week delivering trout to various water bodies for the trout opener this weekend. The Statesman Journal out of Salem sent a photographer to Detroit Reservoir for the release to include in a story in their outdoor section.
- Brian, Bruce, and Rod all attended the Defensive Driving training put on by Jerry Cotter at the Springfield District office on Wednesday.
- Kurt K. reviewed and sent comments on the USACE Energy Audit draft report back to the authors.
- Sampled fish, changed out screening to larger hole screens, mowing, moss removal etc. filled out the week.

Minto

Species	Weekly Total	Cum. Total	Recycled/outplanted	Rel. Upstream
STW	9	130	0	130
StS	1	3	0	0
CHS	0	0	0	0

- USACE were granted permission to lower the N. Santiam to 1000 CFS till September.
- We scouted boat ramps and potential recycling spots for STS, with low flows Mehama will be the only option.
- Greg participated on the weekly flow management meeting, does not look good for Detroit.
- Today we will host a tour of Bennett Dams with NMFS, USACE, and ODFW looking at low flows as pertains to CHS migration.

Roaring River

- No hot topics for this week, routine fish culture and maintenance

Rock Creek

- No hot topics for this week, routine fish culture and maintenance

S. Santiam

- The Foster Trap is being checked several times a week, and all unmarked StW were hauled upstream to River Bend CG. All ChS and StS were recycled back down the river.

Species	Weekly Total	Cum. Total	Recycled*	Rel. Upstream
StW (2415)	12	91	Na	91
StS (2416)	2	13	13	Na
ChS	1	10	6	4

- *StS recycled numbers are cumulative and include reruns.
- Routine fish culture duties were completed.
- Doug Richards from the USACE performed maintenance on the alarm system.
- Kenny completed his CDL testing.
- Pressure washing and pond drain maintenance continues.
- Routine maintenance and grounds work rounded out the week.

Willamette

- Rainbow releases: Coast Fk of Willamette, Fall Creek, Salmon Creek and Dorena Res.
- Poned first group of winter steelhead this week.
- Received the last group of winter steelhead eggs.
- The rest of the week was spent on ground maintenance and normal fish culture duties.
