9/14/07

Change Request Number:08APP G 005

Date: 2/7/2008

Proposed by: Project Fisheries

Location of Change

Entire document.

Proposed Change:

Change the outline numbering, delete redundancies, order items by priority.

Reason for Change:

Due to the realization that the document uses different numbering, has repetitive sections, and isn't as well organized (due to continual additions over the years), Project Fisheries has reorganized the document to flow in a more logical manner.
