

Fish Passage Plan (FPP) Change Request Form

Change Form # & Title: 15BON009 – Fish Salvage Protocols
Date Submitted: January 20, 2015
Project: BON
Requester Name, Agency: BON Fisheries
Final Action: APPROVED – [January 22, 2015](#)

FPP Section: BON 6.5.8. Dewatering Plans – Turbines

Justification for Change: A project biologist should be the one to direct fish salvages, due to familiarity with current procedures and recent salvages that will inform a safe salvage operation.

Proposed Change:

6.5.8. A project biologist ~~and/or alternate Corps fish personnel~~ will provide technical guidance for fish safety and will directly participate in fish salvage.
